

JIAXUAN WANG

✉ wang-jx24@mails.tsinghua.edu.cn

🎓 EDUCATION

Tsinghua University, Beijing, China

2024 – Present

B.S. in Computer Science and Technology, Sophomore

GPA: 3.9 / 4.0, Rank: 7/168

- Incoming Exchange Student, University of Washington, Autumn Quarter 2026

🧑‍🔬 RESEARCH EXPERIENCE

MARS Lab, Tsinghua University

Nov. 2025 – Present

Humanoid Robot Locomotion Advisor: Prof. Hang Zhao, Dr. Shaoting Zhu

Long-term research goal: Develop general-purpose intelligent robots capable of robust real-world environmental understanding and task execution.

- **TTT-Parkour** (arXiv:2602.02331): Contributed to applying test-time training (TTT) paradigm for humanoid parkour over complex terrains; gained extensive hands-on hardware experience with Unitree G1 robot.
- **UNI-Parkour**: Independently led follow-up work investigating scaling laws for terrain generalization. Proposed a unified locomotion policy for humanoids. Verified scaling law hypotheses; project is currently in demo capture stage.

School of Software, Tsinghua University

Jul. 2025 – Oct. 2025

3D Vision & Generative Models Advisor: Prof. Yushen Liu, Weiqi Zhang

- Investigated diffusion models for 3D part assembly tasks. Project suspended following concurrent publication of a state-of-the-art work, yet built solid foundational knowledge of 3D vision and generative model pipelines.

⚙️ TECHNICAL SKILLS

- Programming Tools: Python, C++, PyTorch, Bash, Git, $\LaTeX$
- Libraries Simulation: MeshLab, CloudCompare, Blender, Isaac Lab, InstinctLab

📖 MISCELLANEOUS

- Research Interests: Humanoid Robotics, Vision-Language-Action (VLA), 3D Reconstruction
- Languages: English (TOEFL iBT Revised: Official Band 5.0, raw score 21/24), Mandarin (Native)
